undersigned that he would like to make a change in the program so that another representative of the CI Staff could spend Friday, 16 August with the trainee. This office was not given any outline or content of the subject matter covered on Friday, but we resumed the training again on Monday, 19 August. On the morning of Wednesday, 21 August, the undersigned was advised by NEA Division that the training program has been terminated. The NEA man further advised that it was not any reflection on OTR, but that the trainee himself was more interested in technical demonstrations and visits to installations rather than sitting in on classroom type instruction. Accordingly, this program was terminated on this date.
